

Summary of Landfill Leachate Flows in Beacon and Poughkeepsie

We submitted Freedom of Information Law (FOIL) requests for the following STPs:

- Town of Poughkeepsie (Arlington STP)
- City of Poughkeepsie STP
- City of Beacon STP

The estimates presented here are best on the information available to us through these FOIL requests.

There are other STPs in this region of the Hudson 7 watershed that we did not gather information about.

Town of Poughkeepsie (Arlington STP)

This STP responded that it does not accept leachate.

City of Poughkeepsie STP

The City of Poughkeepsie STP discharged an average of 184,500 gallons of leachate per year from 2019-2023.

Landfill Name	Landfill Type	Average Annual Volume (gallons)	First Year Reported	Last Year Reported
Royal Carting Service	Remediation Site	104,000	2020	2023
Town of New Paltz Landfill	Inactive Landfill	53,667*	2020	2022
Town of Ulster Landfill	Inactive Landfill	53,667*	2020	2022

*Ulster County Resource Recovery Agency was recorded as a total, and these two landfills were named, so we allocated half of the total to each of these landfills.

City of Beacon STP

The City of Beacon STP discharged an average of 1,011,555 gallons of leachate per year from 2019-2023.

Landfill Name	Landfill Type	Average Annual Volume (gallons)	First Year Reported	Last Year Reported
Al Turi Landfill	Remediation Site	510,600	2019	2022
Orange County Landfill	Remediation Site	359,005	2019	2022
Town of New Paltz Landfill	Inactive Landfill	216,800	2020	2021
Sullivan County Landfill Phase I	Inactive Landfill	37,300	2020	2022
Royal Carting Service	Remediation Site	8,000	2020	2021
